History and Overview:

The Business Education Resource Center(BERC) is a combination of a much smaller version of USIS and a commercial information center. The US Information Services (USIS) in Suriname closed in 1986. Since 1986 the BERC handles educational and commercial relations. It provides services to peoples who are interested in studying in the USA and promotes study opportunities in the USA. The BERC assists the business community in Suriname to locate products and services in the USA. In addition, the BERC educates the business community on gaining access to commercial information in the USA through various commercial workshops, i.e. E-commerce workshop.
